

Staff Profile: Maja Morey, Xero Advisor

1. Why did you choose Plus Accounting?

It's a local reputable firm.

2. If you could change one thing in the tax system, what would it be and why?

I believe that the threshold for inheritance tax is too low in today's climate. It is meant to be taxing the super rich but it seems it is affecting almost everyone.

3. If you could give your 18-year-old self one piece of advice what would it be?

To be more bold in trying new things.

4. What was your very first job?

I was a private tutor in English language to A level equivalent students.

5. What hobbies do you have outside of work?

I am a keen gardener although not a very successful one, I am still developing this skill.

6. Is it still a good time to be starting a new business in the current climate?

It depends on what the business is. Some markets are over saturated and lots of businesses are failing because of it. Utility bills are at all time high so everything should be considered.

7. If you suddenly became financially independent, what would you miss most about your job?

Successfully completing tasks to deadlines, there is something about achieving a goal whatever that is.

8. What is the difference between a top ten 10 employer and a smaller firm?

I never worked for a top ten firm, I imagine it being more corporate with a lot more perks. On the flip side it also might be more stressful environment to work in.

9. If you could meet a celebrity, dead or alive, who would it be?

I don't really know, maybe not a celebrity as such but it would be nice to have a chat with any of the astronauts who landed on the Moon or went into orbit for a long time.

10. Describe yourself in three words?

Kind, responsible and reliable.
