1) Why did you choose Plus Accounting?

I chose Plus Accounting for the social element of being in an office alongside their values and dedication to supporting local businesses and charities.

2) If you could change one thing in the tax system, what would it be and why?

Automatic notifications from Companies House/HMRC to remind clients of upcoming deadlines for their personal and business tax filings.

3) If you could give your 18 year old self one piece of advice what would it be?

Having a good social life and support system is just as important as having a good job and stable income. You should therefore focus on both for a good work-life balance.

4) What was your very first job?

My first 9-5 was as a trainee accountant however I tried my hand at babysitting, cleaning and waitressing for pocket money as a teen.

5) What hobbies do you have outside of work?

I enjoy reading, pub quizzes and board games alongside more active activities including swing dancing and Pilates.

6) Is it still a good time to be starting a new business in the current climate?

It is still a good time to be starting a business provided you have a clear idea of the services you will be offering and your target customer base.

7) If you suddenly became financially independent, what would you miss most about your job?

I would miss having a daily routine and the natural social interactions that occur whilst in an office environment.

8) What is the difference between a top ten 10 employer and a smaller firm

Working in a smaller firm allows you to get to know all your colleagues and form closer working relationships.

9) If you could meet a celebrity, dead or alive, who would it be?

Ella Fitzgerald

10) Describe yourself in three words?

Motivated, Friendly, Adaptable
